Mós crescemos juntas e éramos muito inseparáveis naquela época...

Ela é cinco anos mais velha do que eu

Ela costumava ser minha tutora de japonês quando era adolescente

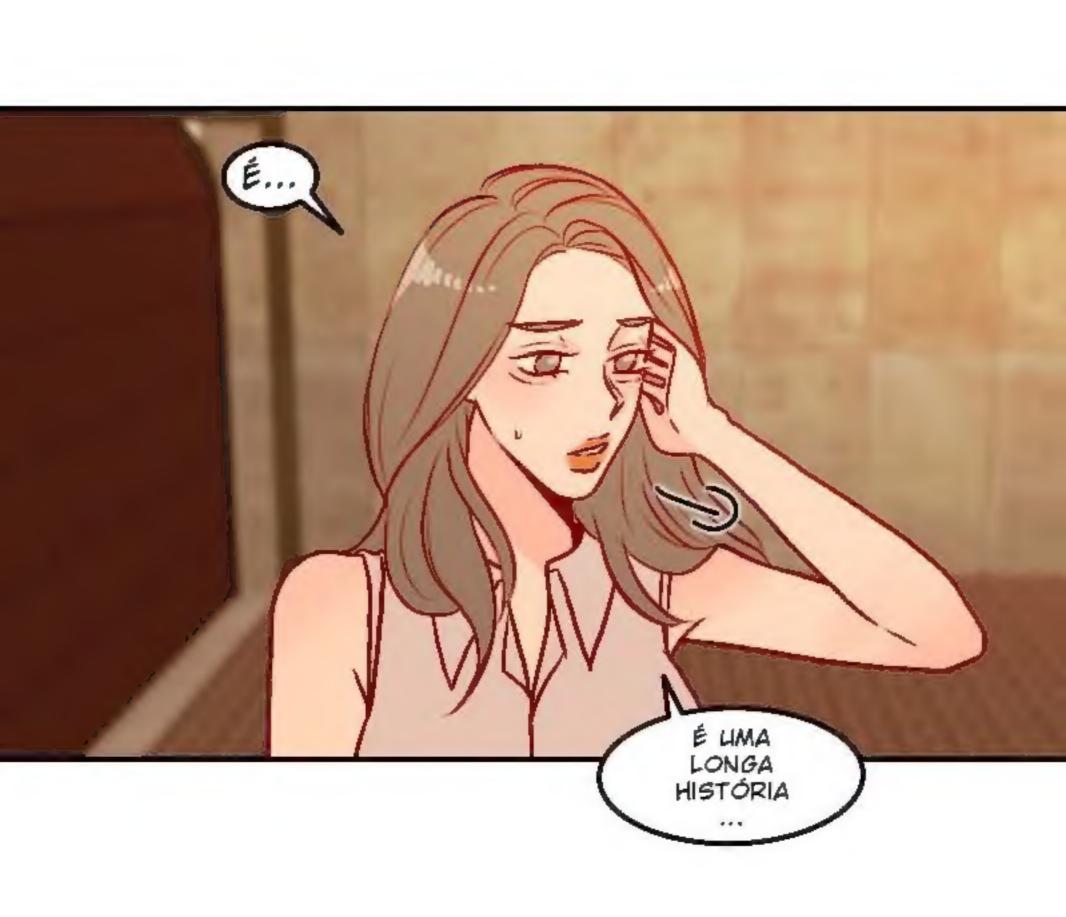

Até ela se mudar

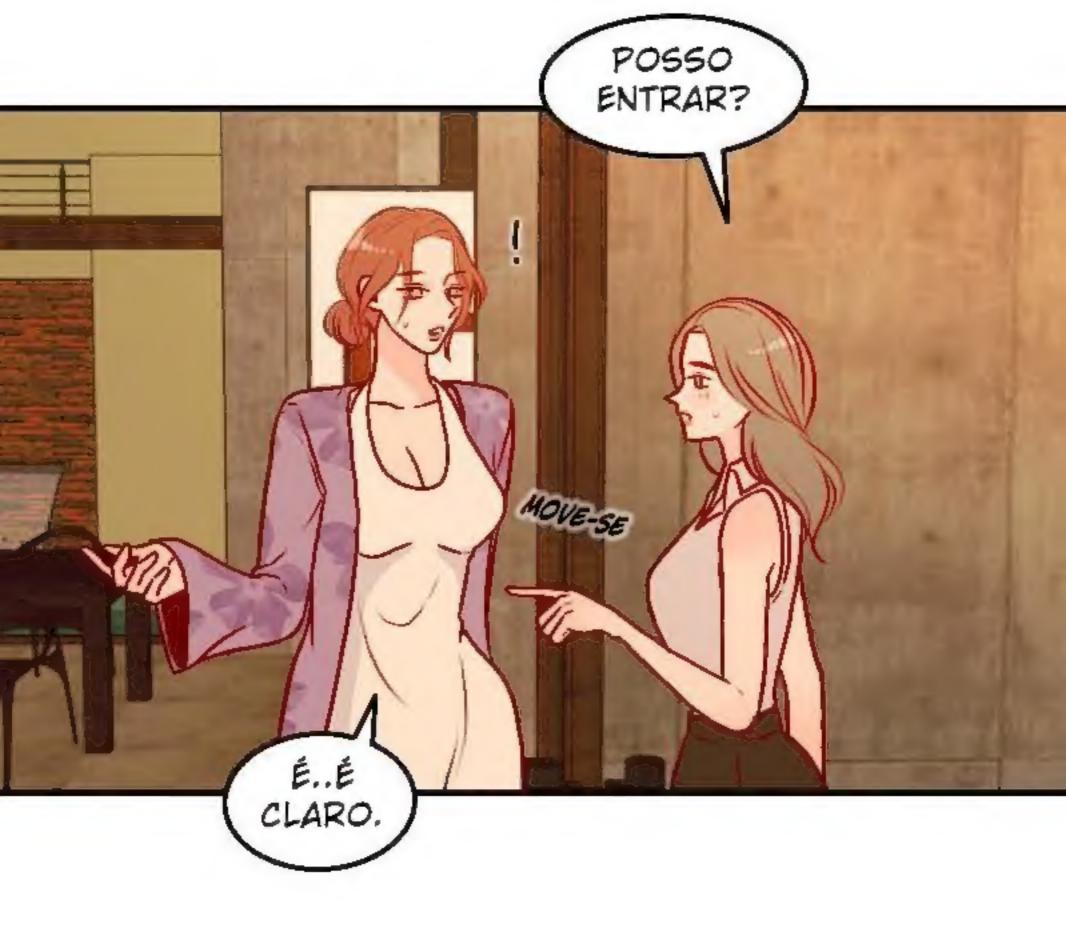

Valvez significa que ela me perdoou por aquela noîte

Ela respirou fundo

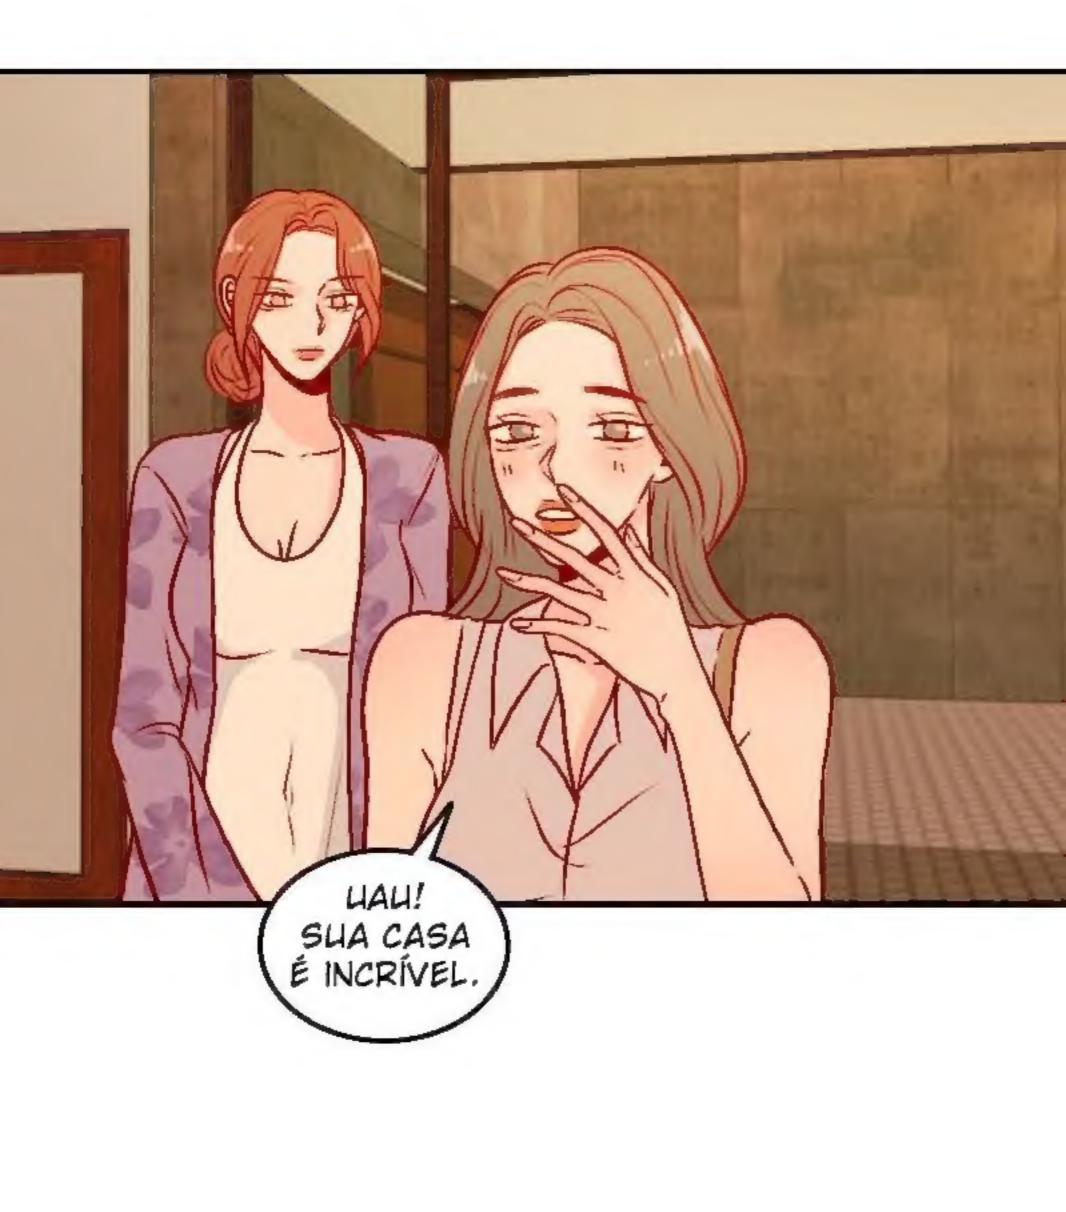

Eu praticamente estava parada da porta como uma barricada

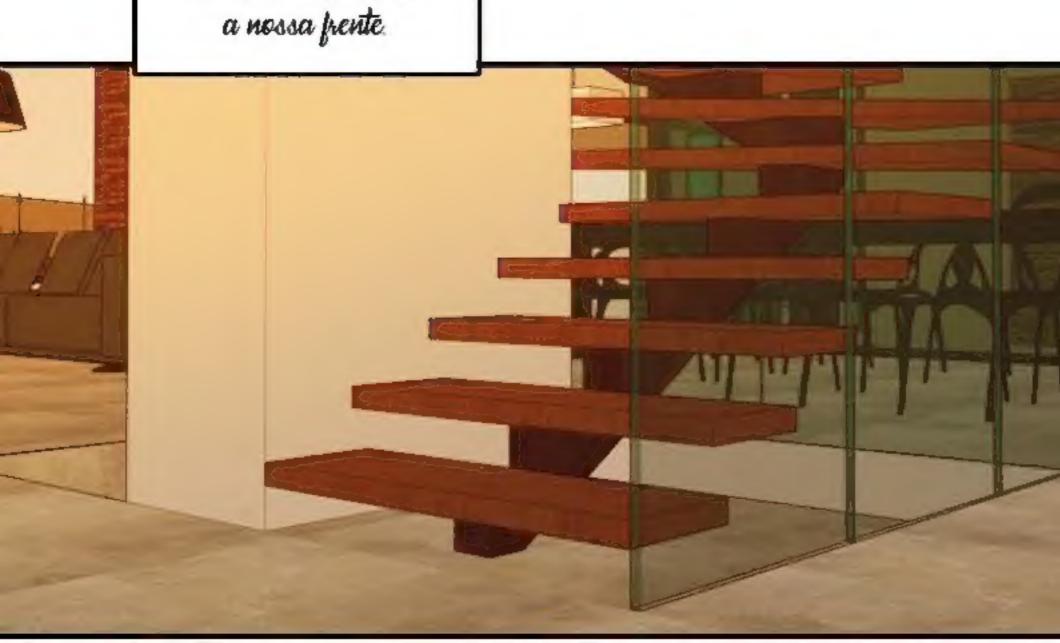

Eu não faço ideia do que essa presença significa

se arremessaram ate a escada curva a nossa frente

Os olhos dela

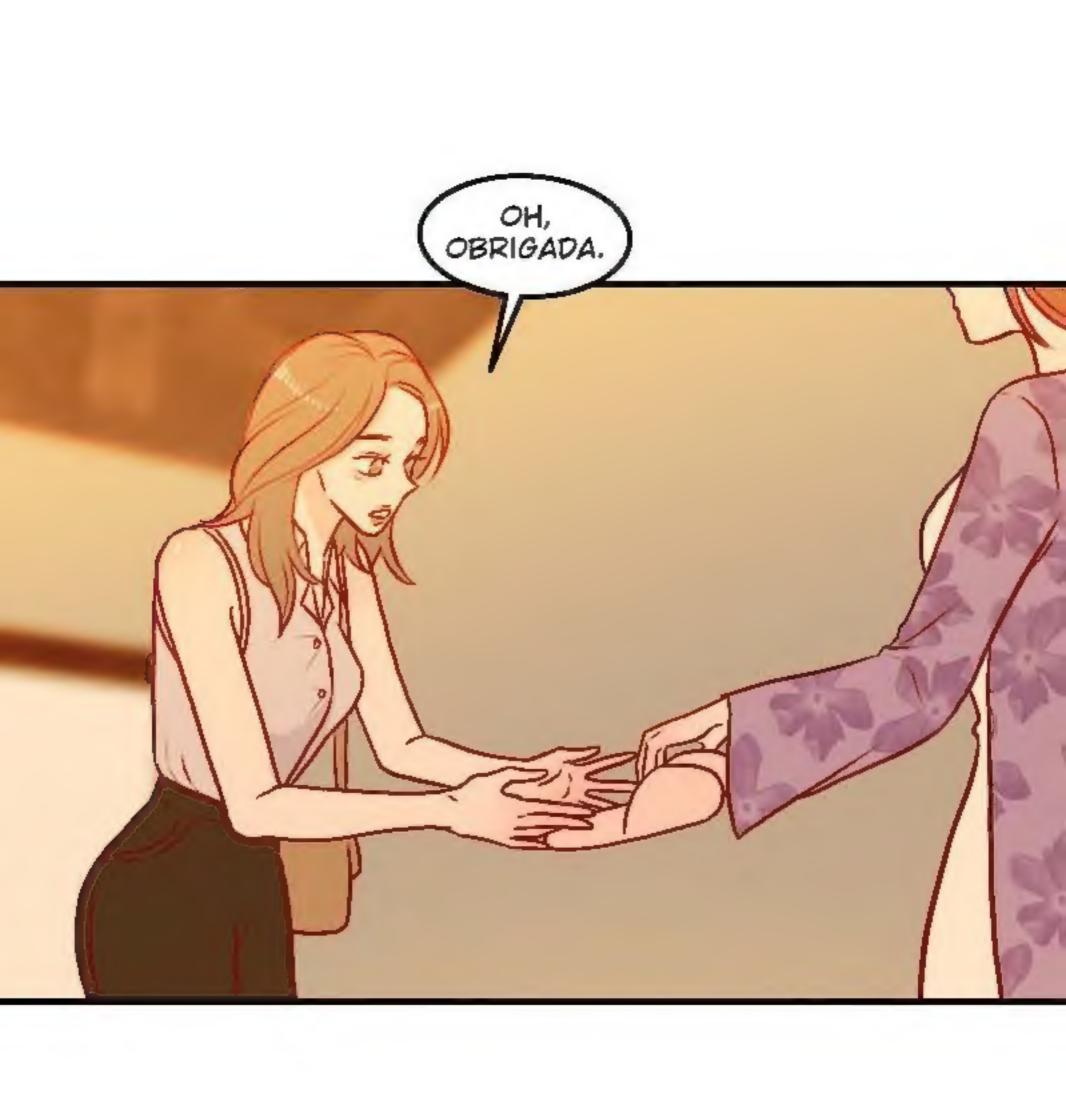

Eu murmurei Eu não queria falar sobre minha casa, eu queria entender porque ela estava aqui

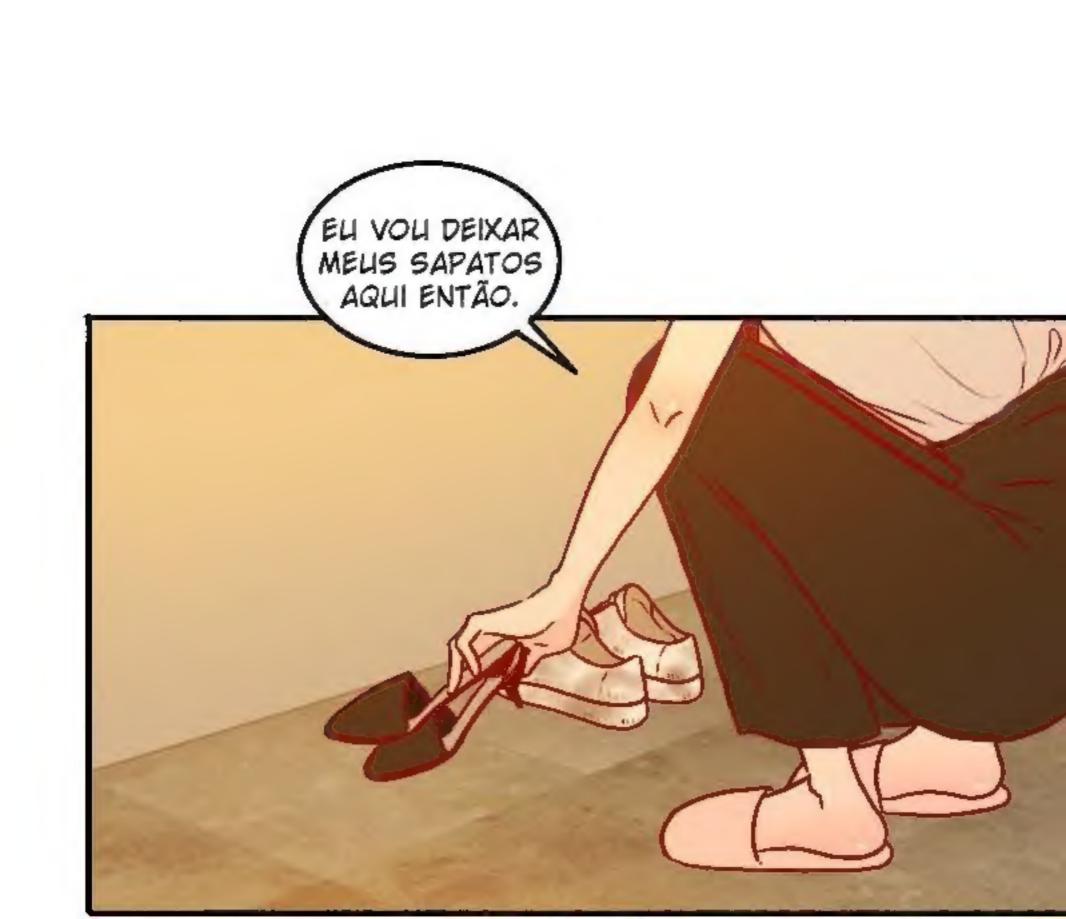

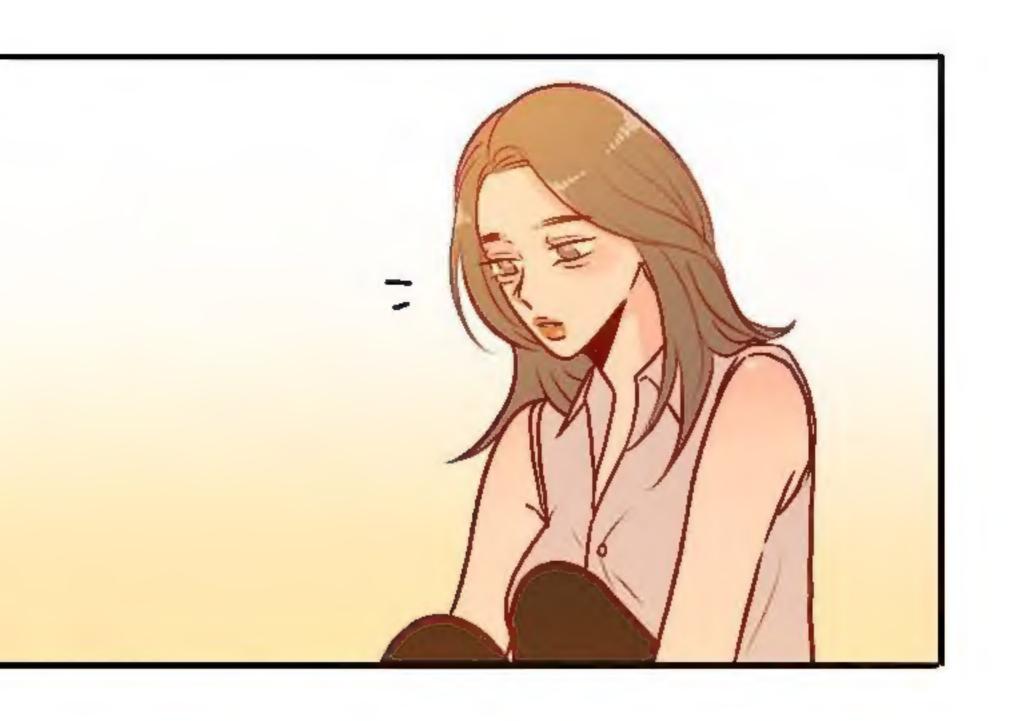

Eu odeio a ideia de que alguma coisa aconteceu com ela

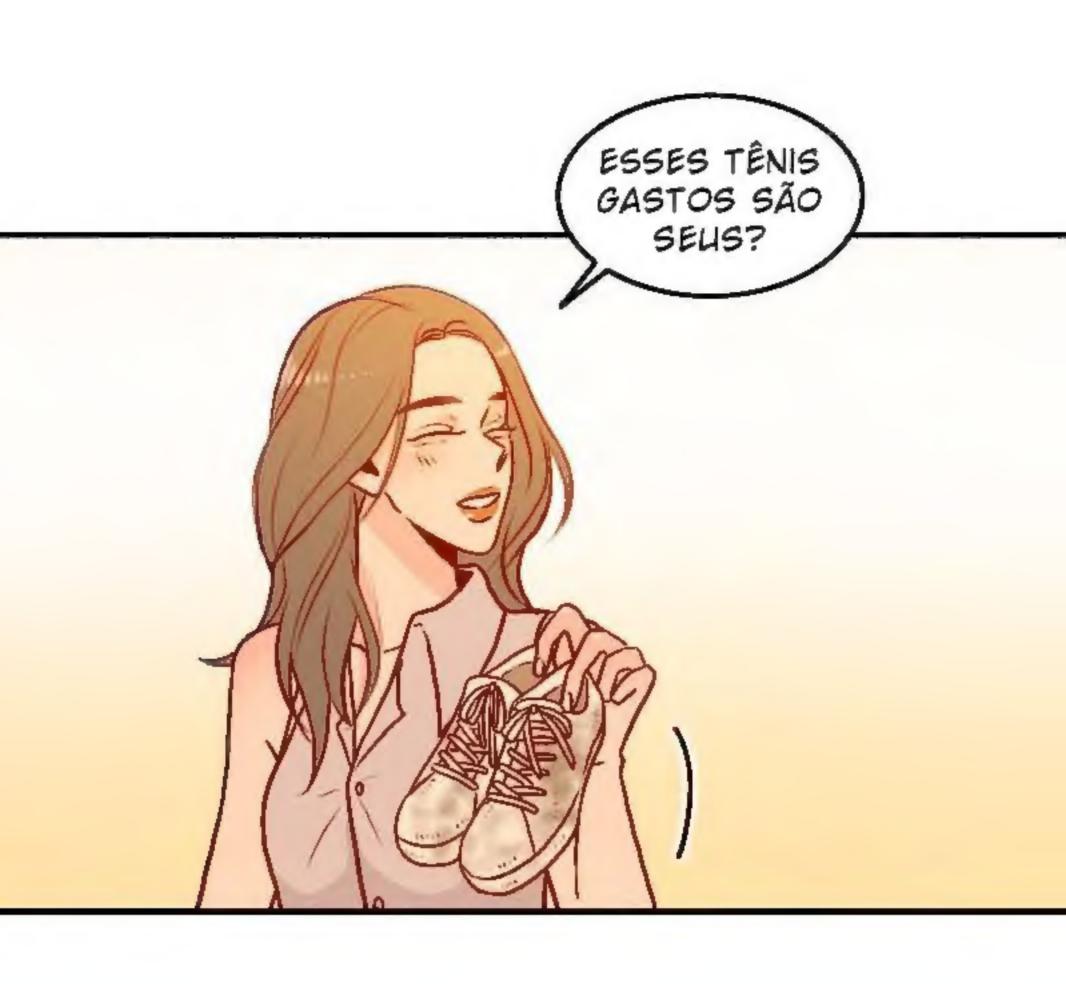

> Essa mulher uma vez foi tudo para mim

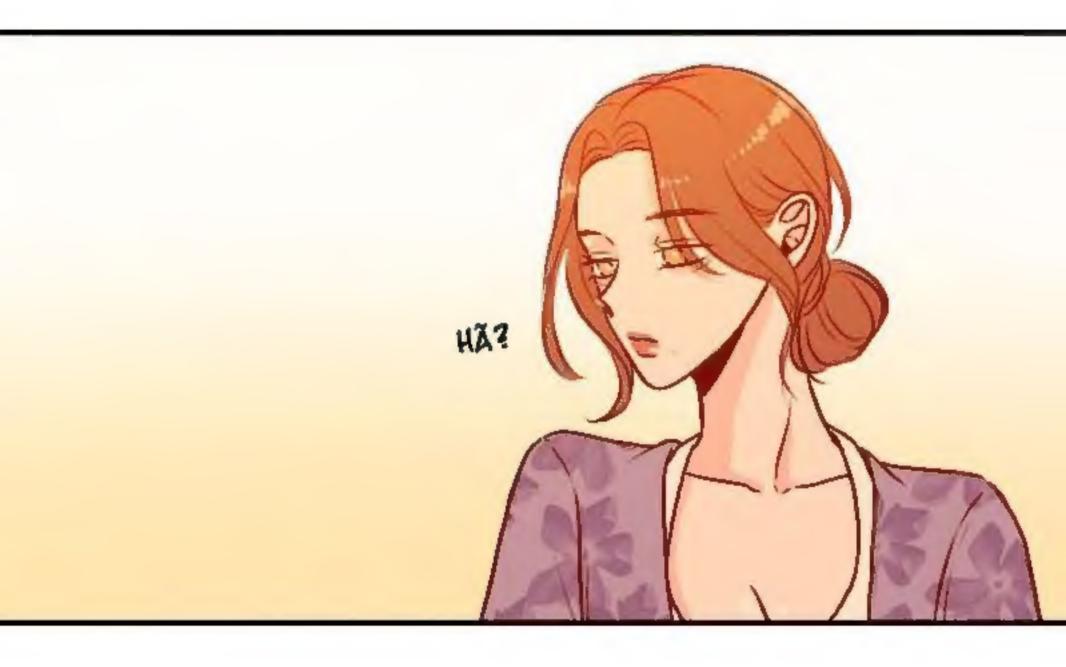

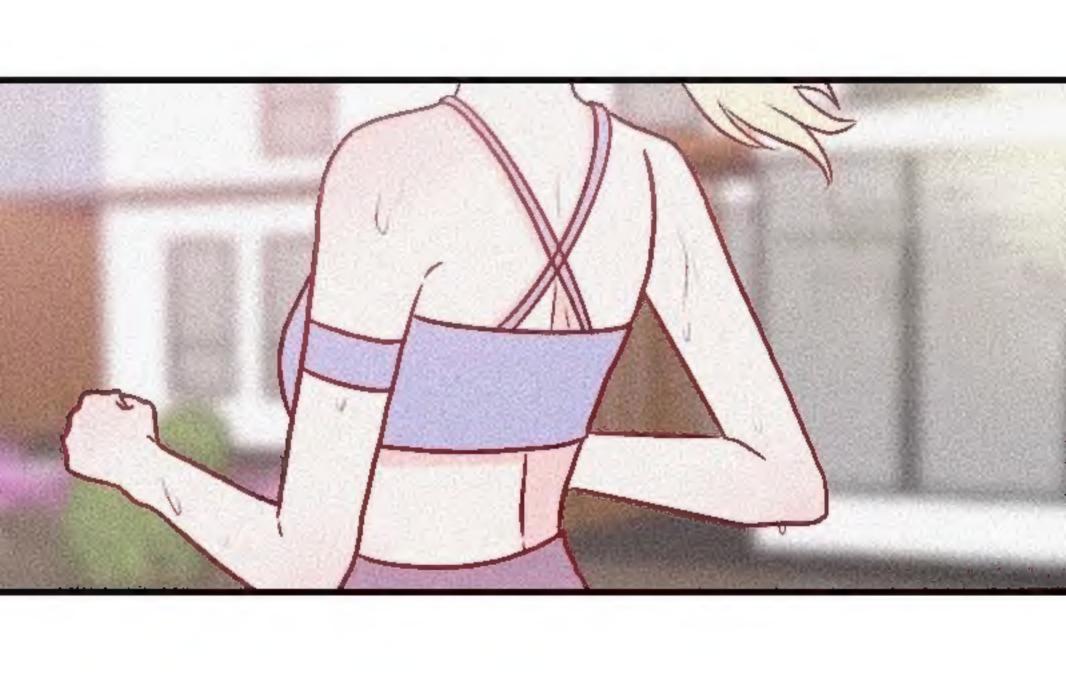

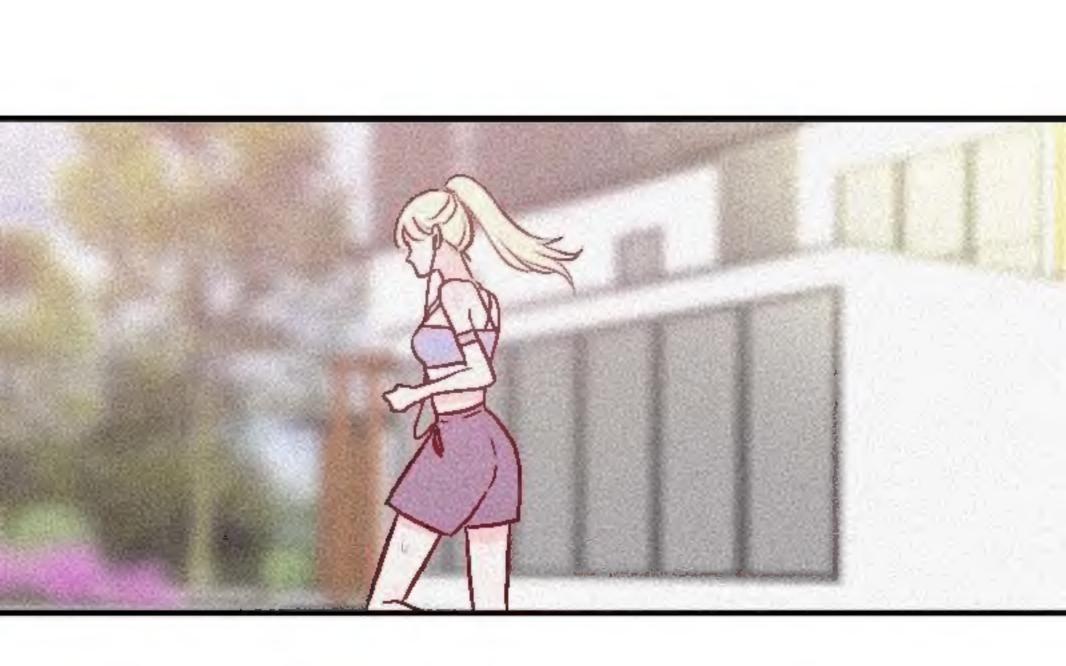

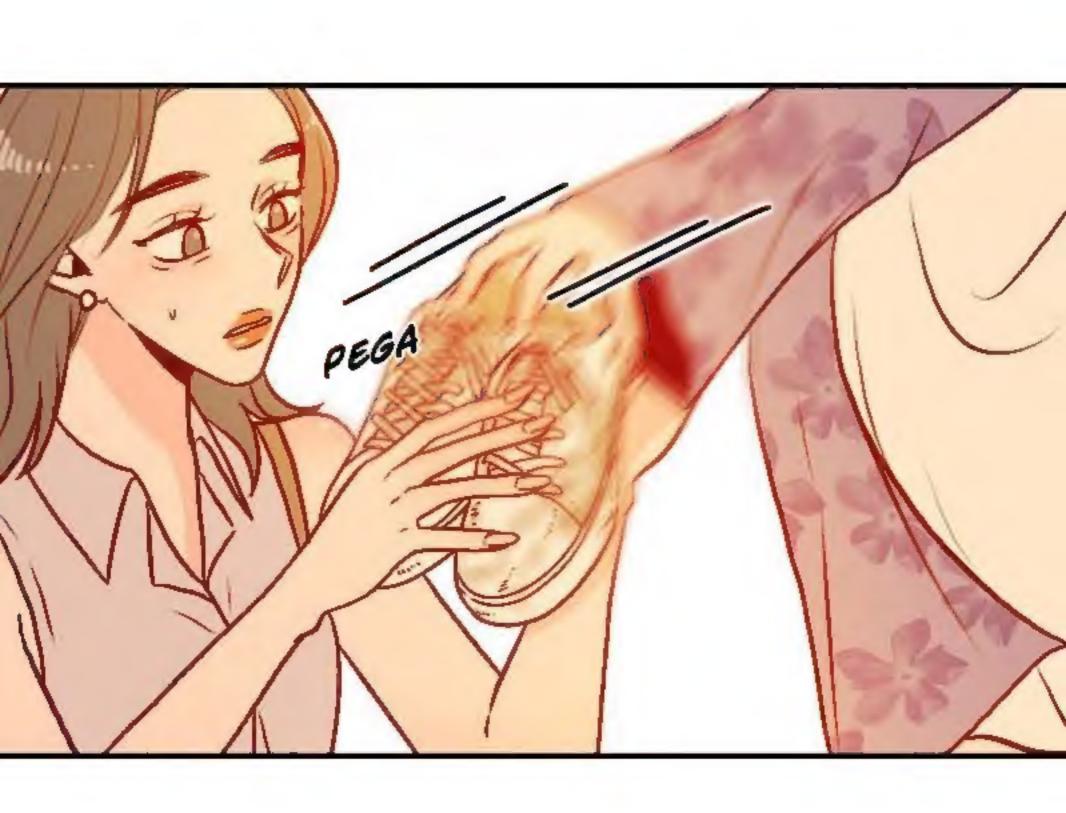

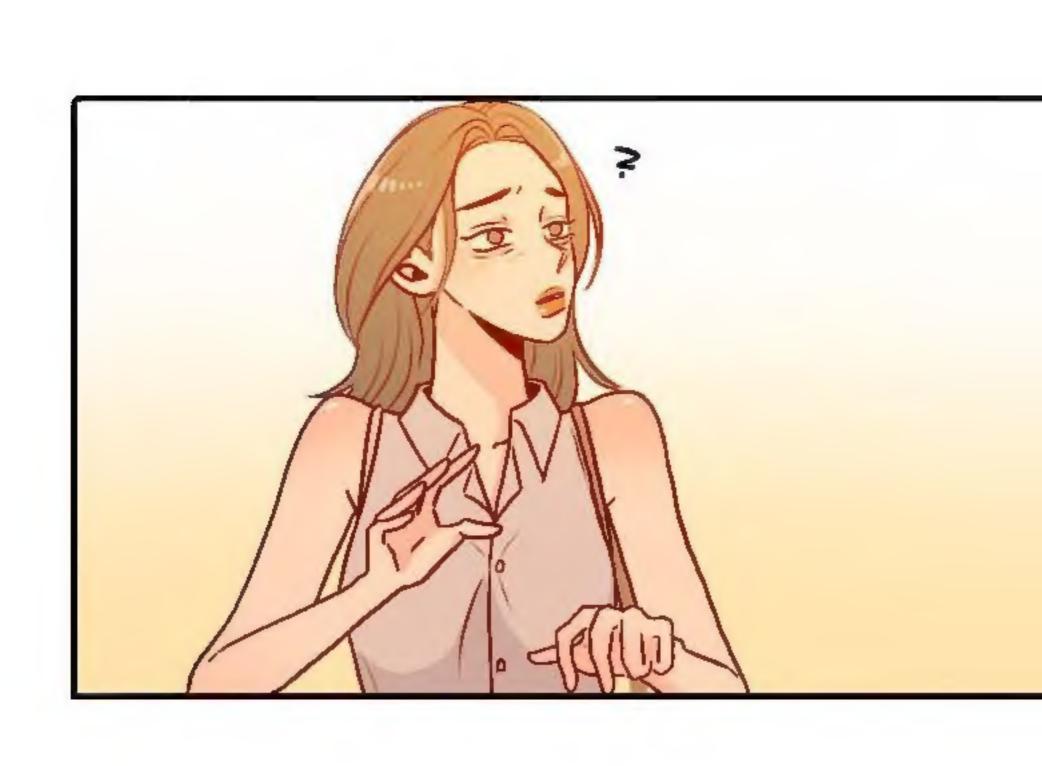

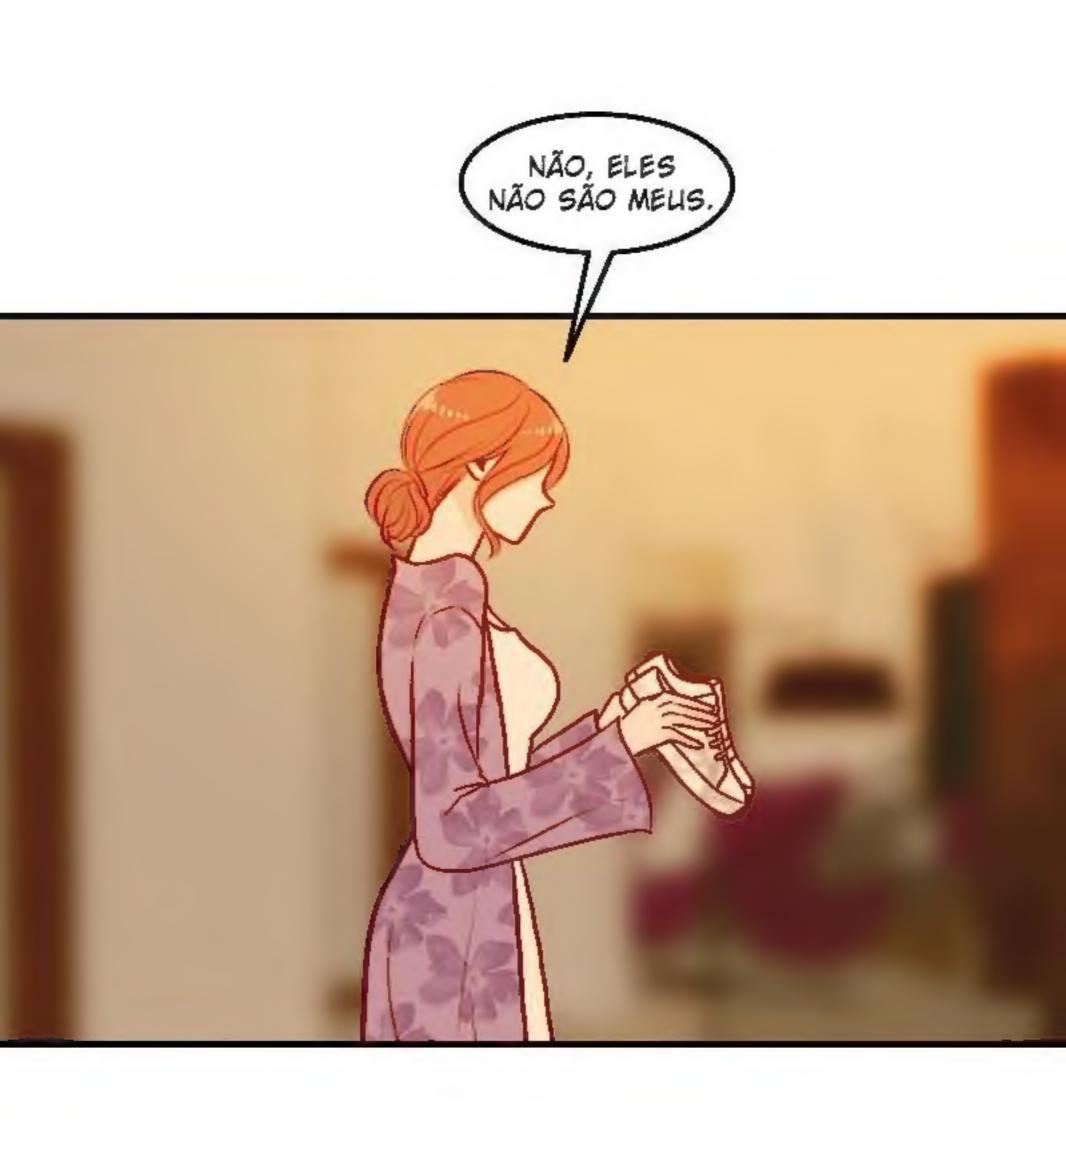

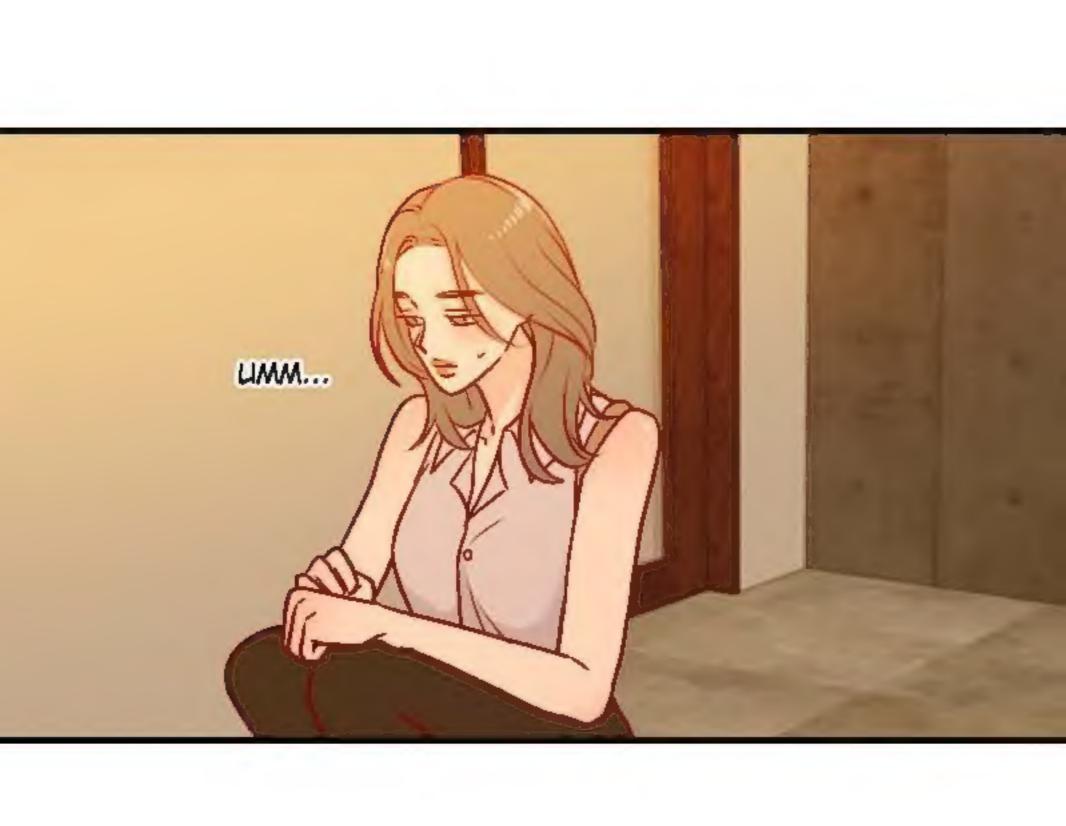

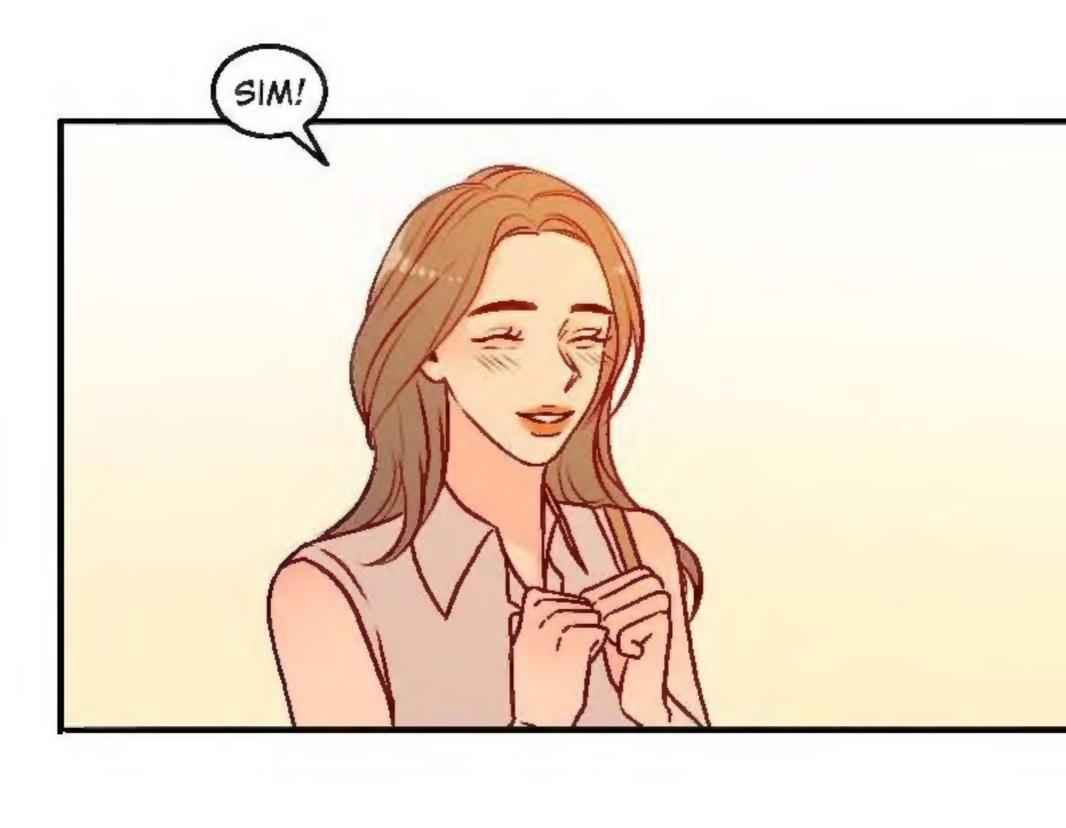

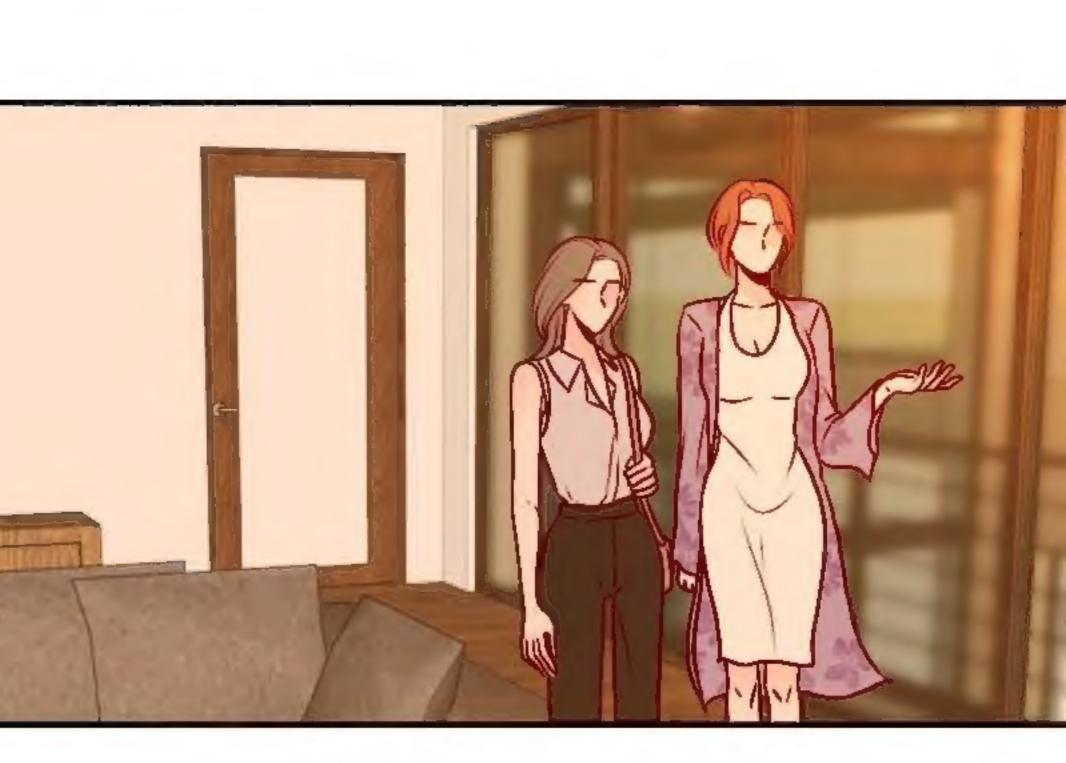

Eu tenho certeza de que ela gostaria de saber quem é a dona...

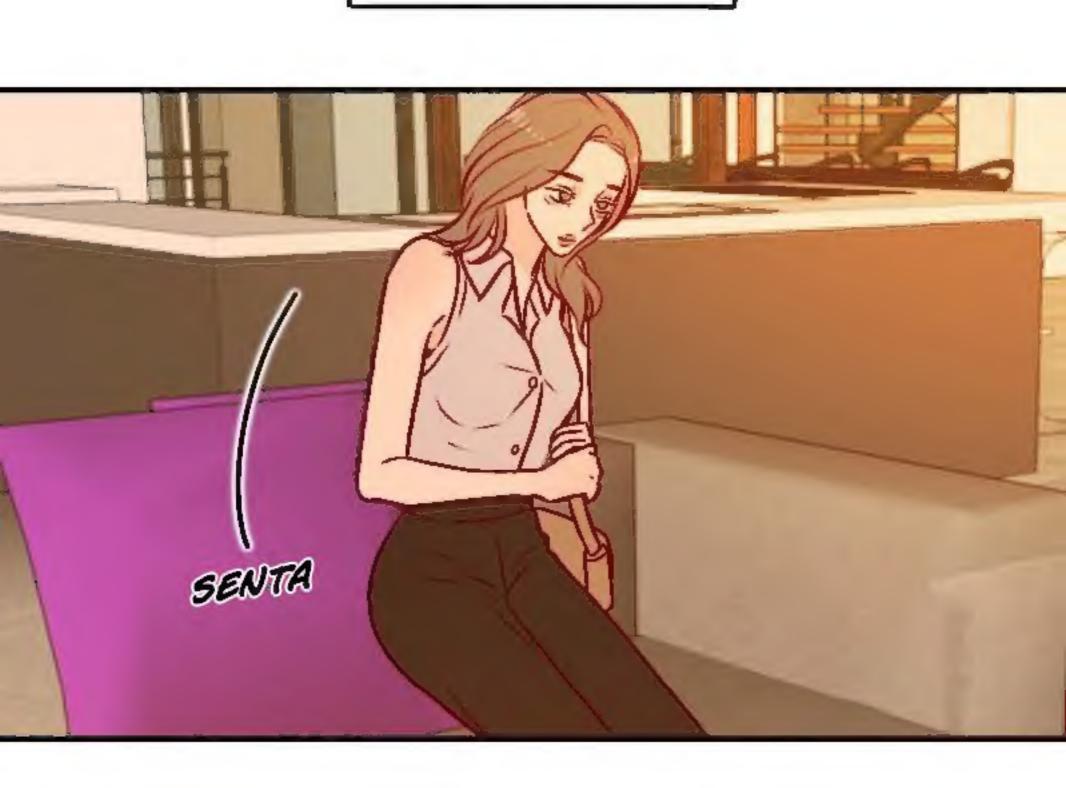

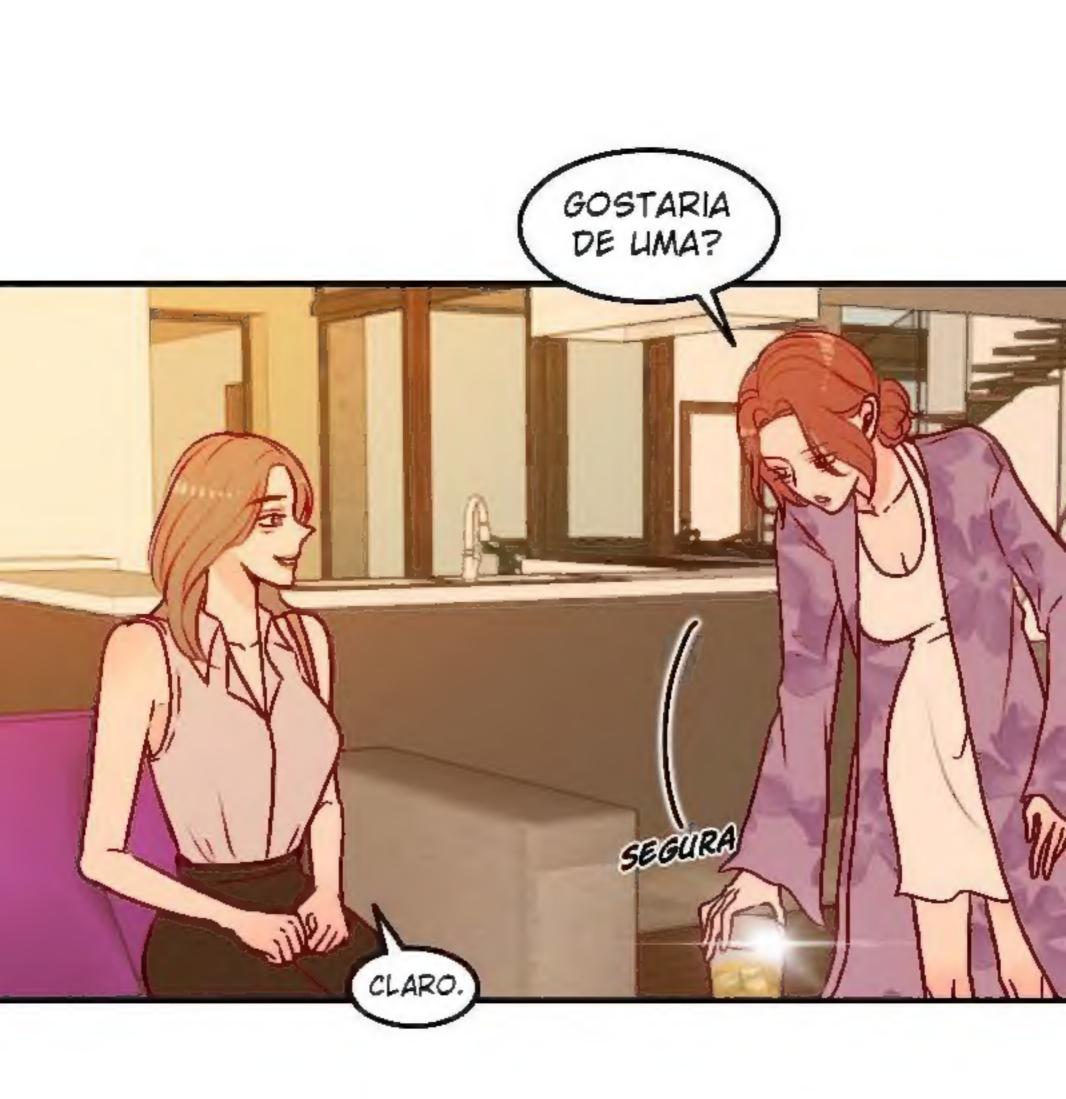

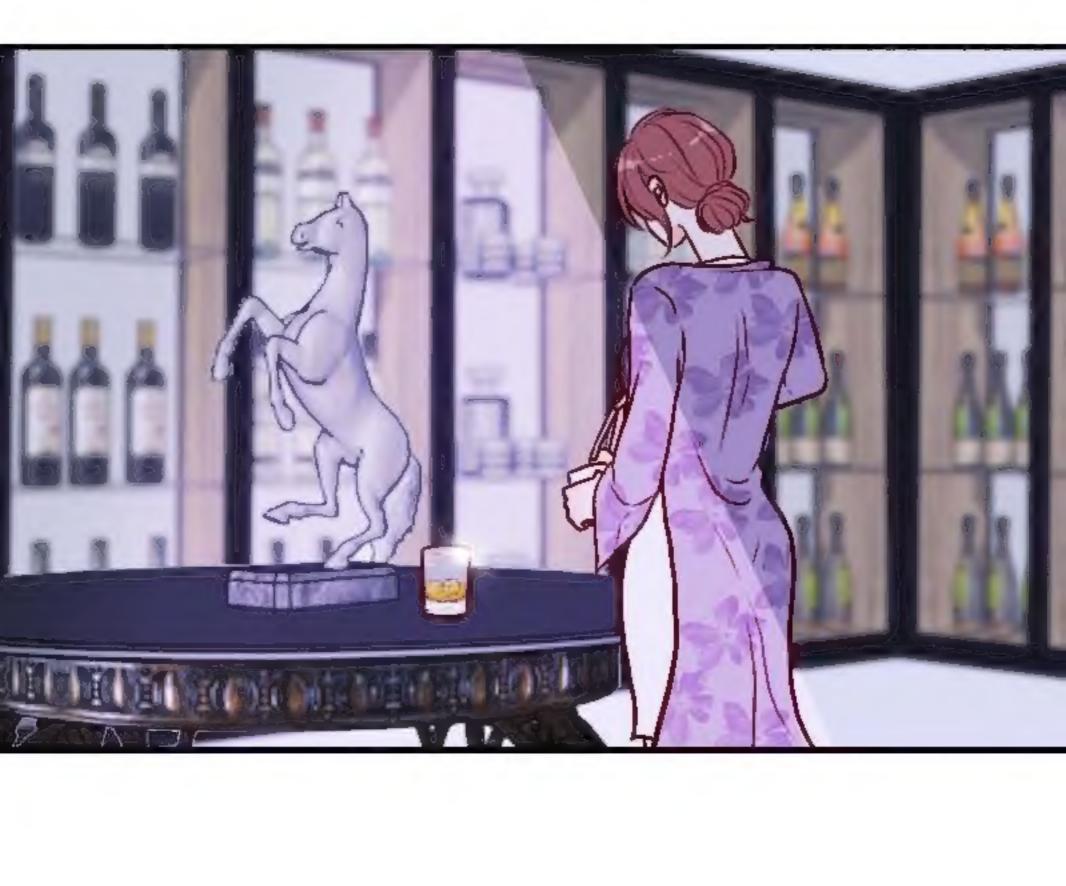

Eu dei a ela uma pequena amostra do primeiro andar antes de irmos até o saguão.

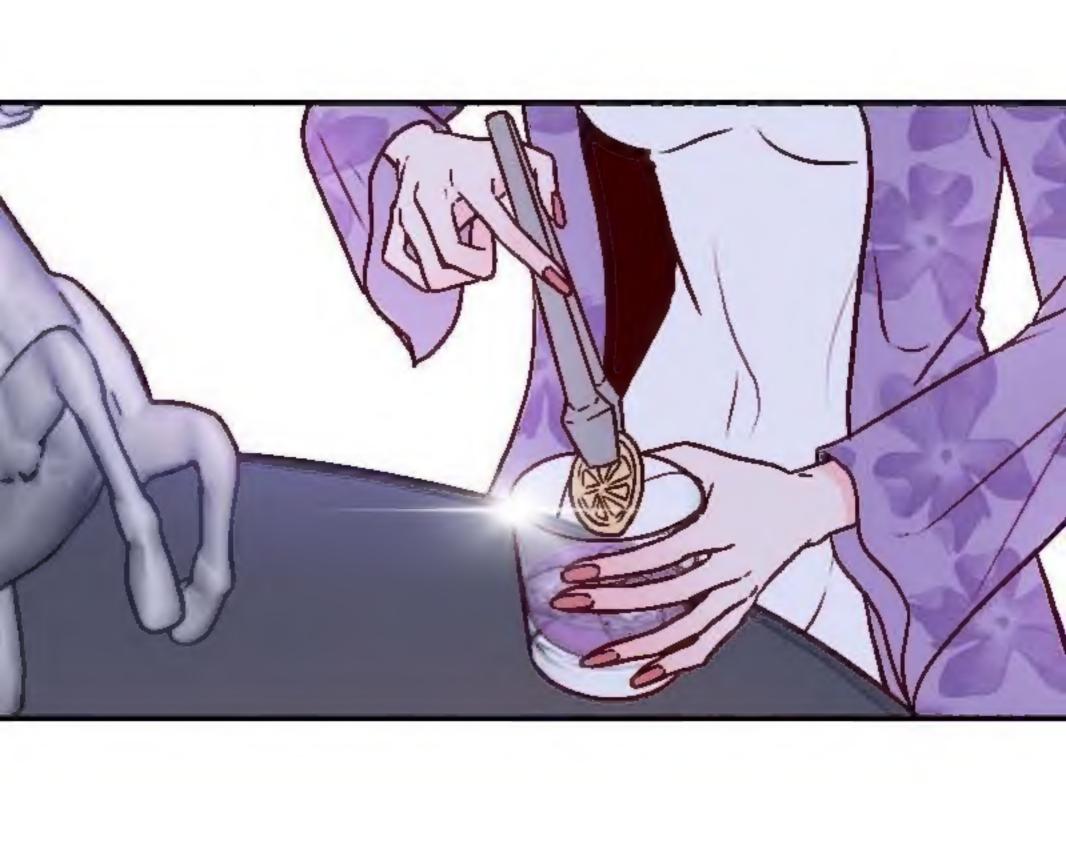

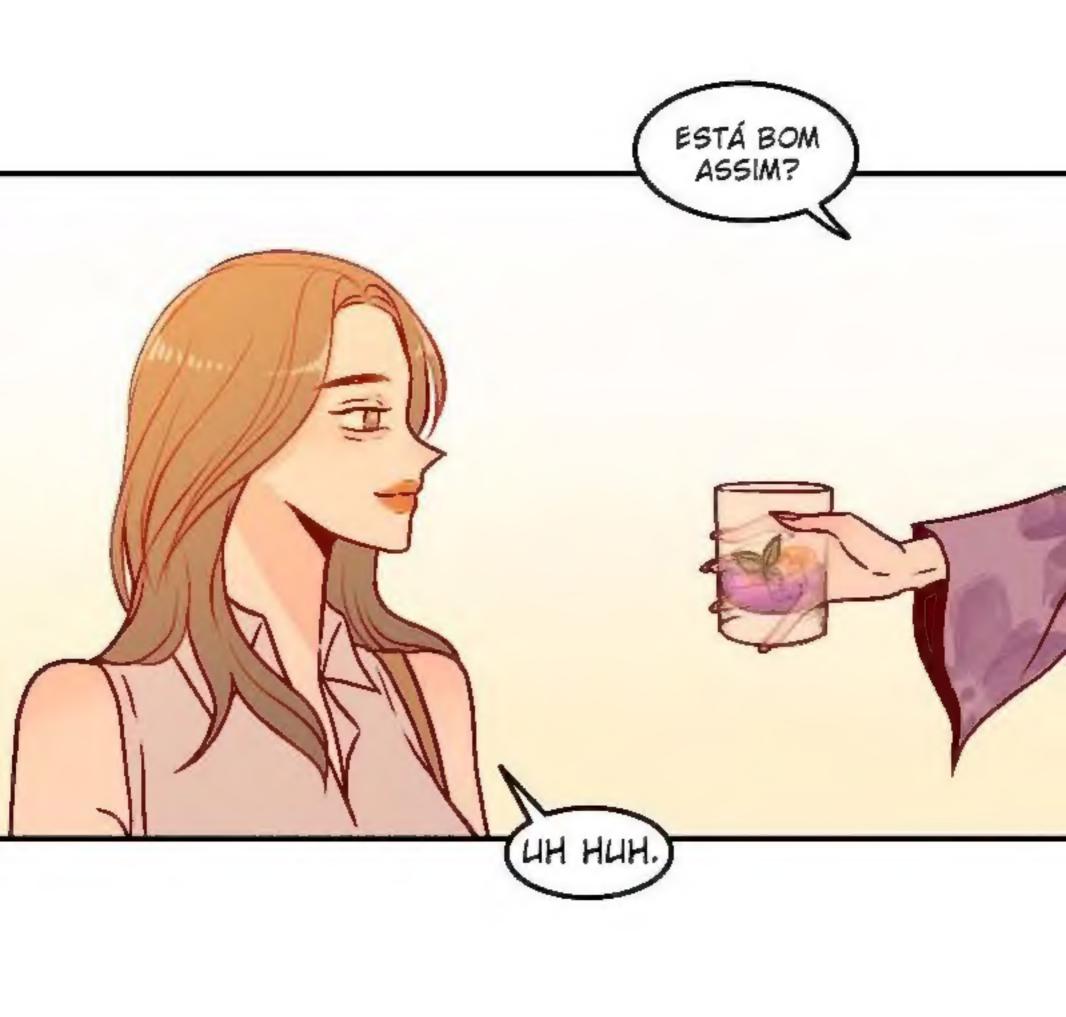

Minha bebida ainda esta ao lado da mesa, para me lembrar de minha tarde de merda.

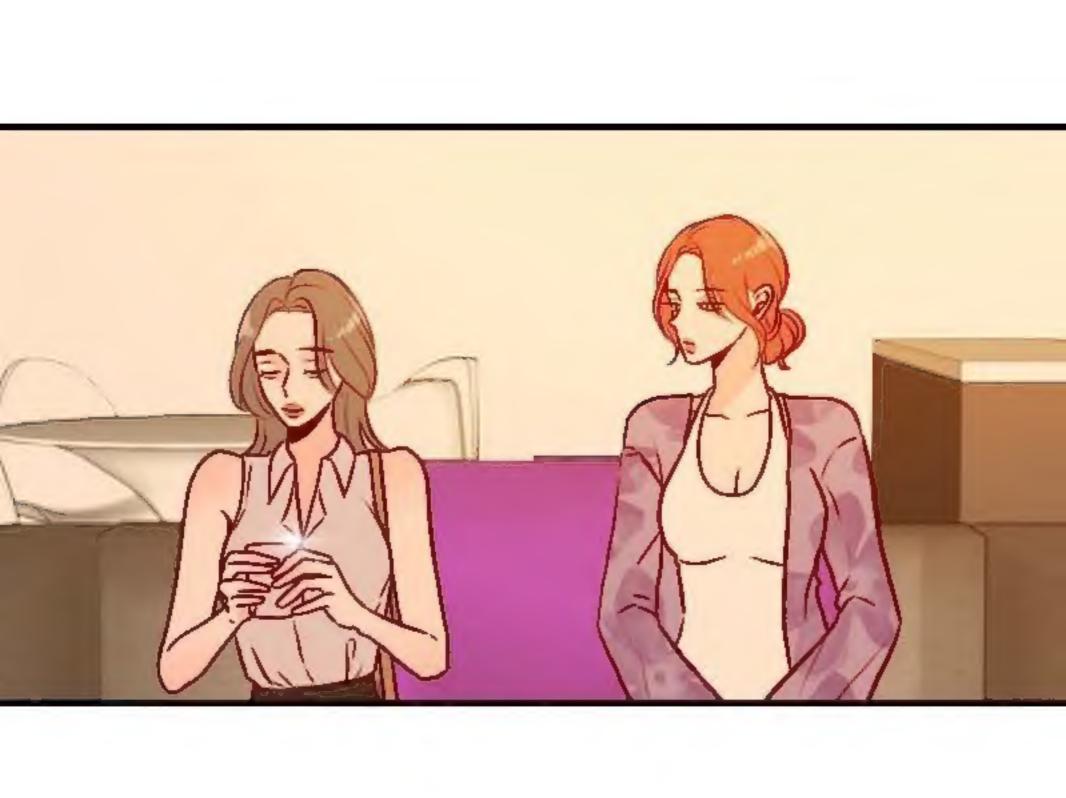

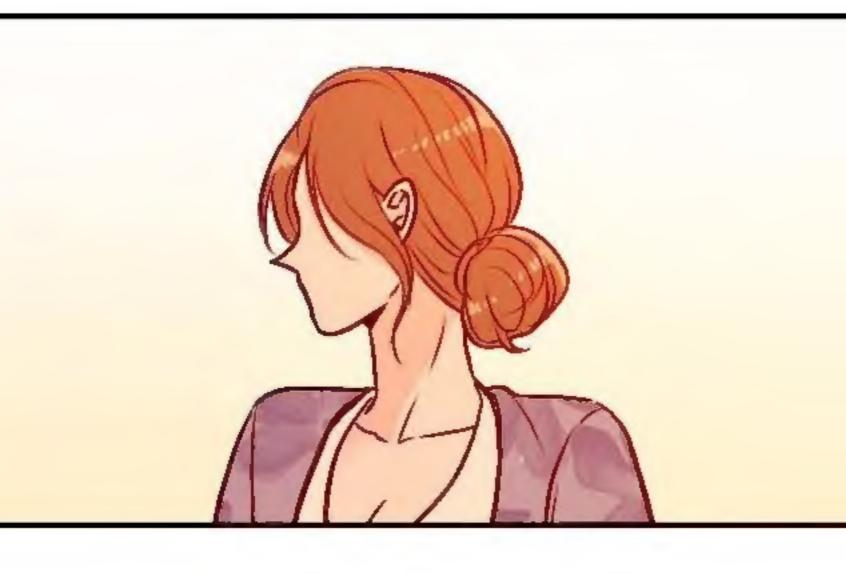

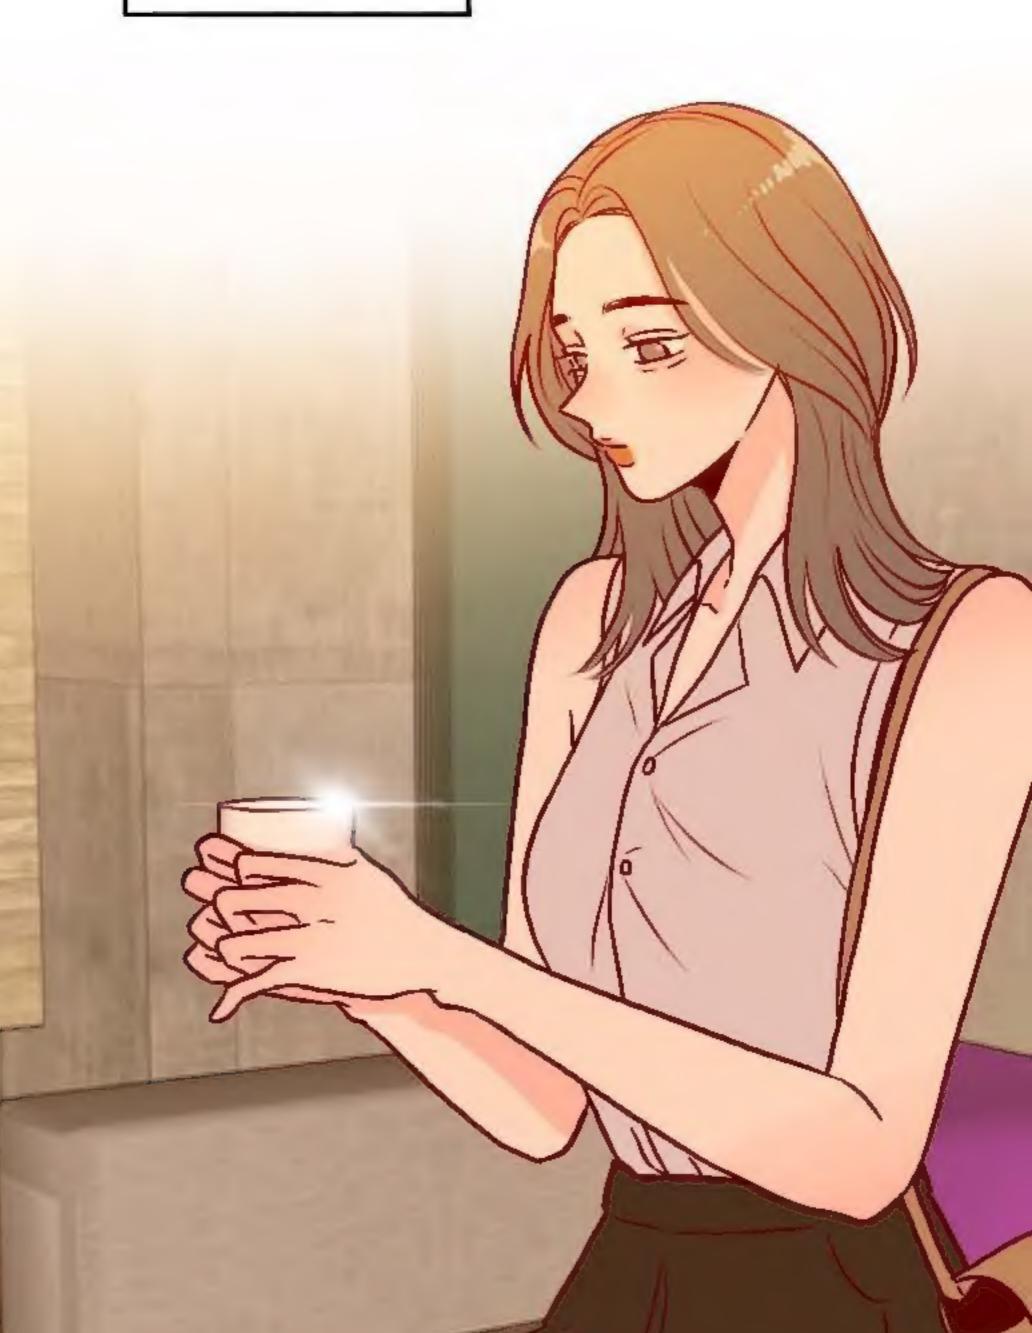

Observando-a perto de mim...

E a maneira delicada a qual ela esta segurando o copo...

Trouxe à tona todas as lembranças.
